

## MANIFESTO OF CREW BOLD

### ADDRESSED TO POWERS

### Declares Civil War Against Present Regime in Russia.

Is Considered Shrewd Move and Establishes Belief Commander of Potemkine is Not of Crew But Revolutionary. Track of Vessel Lost.

Theodosia Crimea, July 5.—Summoned by the Kniaz Potemkine, representatives of the town council went on board the battleship and were received in the admiral's cabin by the commission commanding her. The commission demanded the delivery of 500 tons of coal and provisions of various kinds within twenty four hours, and threatened in the event of the non-compliance, after warning the inhabitants, that the town would be bombarded. The commission also proposed that the mayor transmit to the population a proclamation demanding the termination of the war and the convocation of the Zemstvo.

St. Petersburg, July 5.—While no official confirmation is obtainable, the Associated Press is informed by an authority, usually reliable, that the admiral received news that the Kniaz Potemkine, after shipping coal, provisions and medicines, is again at large in the Black Sea and that her destination is unknown. Whether the report of the sailing of the battleship is true or not the crew took a remarkable step yesterday when, with all the solemnity of a provisional government, it issued an announcing that a civil war had begun against the existing regime in Russia and pledging the inviolability of foreign shipping and foreign ports.

This action is doubtless taken to quiet the apprehension of foreign powers and to leave no excuse for sending warships through the Dardanelles to effect the capture of the battleship, which, until now, Russia's Black Sea fleet had not

dared to attempt. It is considered a shrewd move on the part of the mutineers and looks as though the commander of the crew, as a leader is far above the ordinary class of sailors and strengthens the opinion that he is not a member of the original crew, but one of the revolutionaries who went on board at Odessa.

In circles closely in touch with the revolutionists it is regarded as a foregone conclusion that the commander of the Kniaz Potemkine, knowing the situation in Caucasus will head for Poti or Batoum, where the revolutionists are exceedingly strong in the hope of producing a general rising. With the authorities in Caucasus almost powerless to prevent it, such contingency is by no means impossible.

#### Powers Greatly Concerned.

London, July 5.—It is understood that the movements of the Kniaz Potemkine are engaging the serious attention of the powers who are exchanging views on the possible necessity of taking joint measures to protect the neutral commerce in the Black Sea. According to an Associated Press dispatch, from Vienna, however, nothing can be done, even in the shape of joint representations to the Russian government except in the last extremity, it being desired to avoid wounding Russia's susceptibilities.

Special dispatches from Constantinople give an unconfirmed report that the Kniaz Potemkine engaged two British officers at Kustenji. The Odessa correspondent of the Standard asserts that the Black sea squadron including the Georgi Pobiedonosetz has now been sent in search of Kniaz Potemkine.

## DELVIN MAY BE BANKRUPT

### Kansas City Creditors Petition for Declaration.

Action to Prevent Attachment of Devlin's Property and to Set Aside \$700,000 Worth of Real Estate. Does Not Effect Insurance.

Topeka, Kan., July 5.—The affairs of the First National Bank assumed a different phase today when Kansas City creditors petitioned the United States District court to declare Charles Devlin bankrupt.

The petition was made returnable July 20 and the effect is to prevent any further attachments of the Devlin property and to set aside real estate valued at \$700,000 which Devlin, on Monday, transferred to the failed bank.

Today's action thus impairs the bank's assets at least temporarily, to just that extent. The action will not affect the life insurance in Mrs. Devlin's name and which she insists be left among the assets of the bank. Mr. Devlin's business associates declare he is far from bankrupt and still insist that the bank will be enabled to pay dollar for dollar.

## BURY HAY IN FAMILY PLOT

### WAS SIMPLE CEREMONY

### Cortege is Small.—President and Cabinet Members Present

Grave Near Memorial of Garfield and Monolith of Rockefeller Family. President Leaves Cleveland After Funeral On Special For East.

Cleveland, July 5.—The body of Secretary of State John Hay tonight rests in the family burying ground in a corner of Lake view cemetery.

Five hundred feet to the West of where the secretary lies is the great memorial of James A. Garfield. Two hundred feet to the North rises the monolith of the Rockefeller family. Most of these men were buried with funeral services far more elaborate than those of John Hay, certainly none of them could have been interred with a ceremony more simple.

President Roosevelt and the cabinet party were met at the train, which reached here promptly on schedule time, by Vice President Fairbanks, Governor Herrick and a distinguished party and escorted to the Chamber of Commerce where the secretary's body lay.

After viewing the remains, the casket, borne by six members of the Ohio National guard, was taken to the hearse which started immediately for the cemetery. The cortege arrived at Wade chapel almost precisely at 11 o'clock where, were waiting Mrs. Hay, Clarence Hay, Mr and Mrs. Mather, Mr. and Mrs. Wadsworth and a few intimates.

The casket was covered with the National colors and beautiful wreaths, sent by the president and Mrs. Roosevelt and by members of the diplomatic corps were carried in. The president, vice-president and the honorary pallbearers following with uncovered heads. The chapel was not large and there were not seats for all, fully thirty men being grouped around the doorway.

The services were opened by a quartette of male voices, which sang, "Still, Still With Thee." Dr. Hayden, the pastor of the Emeritus Old Stone Church delivered a brief prayer, after which Rev. A. B. Meldrum, active pastor, read extracts from the scriptures beginning with "I am the resurrection and the life, saith the Lord," and including portions of the fifteenth chapter of the Epistle to the Corinthians and the fourteenth chapter of St. John. The pall bearers at the conclusion of the scriptural reading carried the casket through the door to the hearse, while the quartette softly sang, Tennyson's "Crossing the Bar."

The funeral, leaving the chapel, passed along the beautiful and winding drive ways of the cemetery until the Hay burial lot, one-fourth of a mile distant, was reached. The quartette sang two stanzas of a hymn, "For all the saints who from their labors rest," and then while inch, by inch, the casket was lowered, Dr. Hayden recited the committal services of the Presbyterian church. When concluded the quartette sang the final stanza of the hymn and the benediction by Mr. Meldrum brought the services to a close. Mrs. Hay with the members of her family returned to the residence of Samuel Mather, while the president and his party went at a rapid pace directly to his train which he reached at about 1 o'clock.

#### England Pays Tribute.

London, July 5.—England today paid

to the memory of Secretary of State Hay a tribute seldom accorded a foreigner, when solemn memorial services were held in St. Paul's cathedral.

The immense edifice was crowded, the seating capacity being taxed to its fullest extent. The service was fully choral, hymns being rendered by the surpliced choir of one hundred voices. The Arch bishop of Canterbury, Dr. Davidson Dean Gregory and Arch deacon Sinclair took part in the services. King Edward was presented by the Earl of Denbigh.

Hundreds of person went to New Rochelle, expecting to witness the ceremony.

Portland, July 5.—In the Federal court today the case against Congressman Binger Hermann, indicted for connection of the land frauds in this state, was placed at the bottom of the calendar. This is believed to indicate that Hermann will be the first to be brought to trial on the indictment returned against him in Washington, D. C. The conspiracy charge against Senator Mitchell and Congressman Hermann, in connection with the Blue Mountain forest reserve was also placed at the foot of the calendar in the same order made in the case against Senator Mitchell, S. Hall, ex-Mayor Harry Rees, C. F. Lord and Henry Ford, charged with conspiracy to blackmail the character of Francis J. Heney.

Every part of the work will be done by the Hudson companies the security holding companies of what are familiarly called the McAdoo tunnel companies, namely the New York and Jersey and the Hudson and Manhattan Railroad companies.

The other name for the New York and Jersey tunnel is the old Morton street, and for the Hudson and Manhattan tunnel the Cortland street.

The north tube of the Cortland street route will extend from Church and Fulton streets to Montgomery street, Jersey City, and the south tube from Cortland and Church streets to the same point in Jersey City. In Manhattan the tubes will be united by a loop. ## SIXTY ARE KILLED BY TEXAS TORNADO

Fort Worth, Tex., July 5.—A tornado which struck Texas in the upper edge of Montague county, coming from the Northwest and swinging far to the Southeast this afternoon, caused a loss, it is believed, of forty lives, and injured a large number of people and did untold damage to growing crops and cattle. Fortunately the tornado missed the small towns in the section through which it swept, but it zigzagged in such a way as to take in the homes of many farmers and of stock ranges in that section.

Wires are down in all directions and it is difficult to get particulars. Ten persons are known to be dead in the neighborhood of Montague. Most of these killed lived on Salt creek, along which the tornado swept with fury. At Nacona the tornado passed a few miles to the South and later lists give the dead at 14 and the injured at 41. A reliable man at Nacona who has been over the zone says the reports were being received of the dead when he left there and he places the loss of life at sixty.
